

MAN SLAIN AND HIS BODY IS THROWN IN BAY BY THE ASSASSINS

CLIPS SIX HOURS OFF OCEAN TRIP

Lusitania Fails to Maintain Speed of German Boats.

NEW YORK Sept. 13.—A new steamship record between a European port and New York was made by the Cunard liner turbine steamship the Lusitania, which arrived here today. The Lusitania left Queenstown, the nearest trans-Atlantic port to New York at 12 10 p. m. Sunday and arrived at the Sandy Hook lightship at 8 05 a. m. today, making the time for the trip 6 days and 4 minutes. This is 6 hours 23 minutes better than the previous Queenstown New York record of 6 days 4 hours and 23 minutes held by the Lusitania of the same line.

While the Lusitania has made a new record for the time a passenger is actually on board ship she has not beaten the average speed per hour recorded for both the Kaiser Wilhelm II, which has made 23 58 knots per hour from New York to Plymouth and the Deutsch and with a record of 23 15.

THROWS FIT DURING THE FORD TRIAL

SAN FRANCISCO Sept. 13.—A dramatic scene that brought a hundred spectators to their feet came near the close of the morning session of the trial of T. L. Ford. The defense had introduced a witness, Joseph H. Schlessinger, in the person of Louis Glass, a man from the city of San Francisco, who testified that he had seen Ford on the morning of the murder.

The witness, Glass, testified that he had seen Ford on the morning of the murder. He said that he had seen Ford on the morning of the murder. He said that he had seen Ford on the morning of the murder.

40 HURT IN EXPLOSION

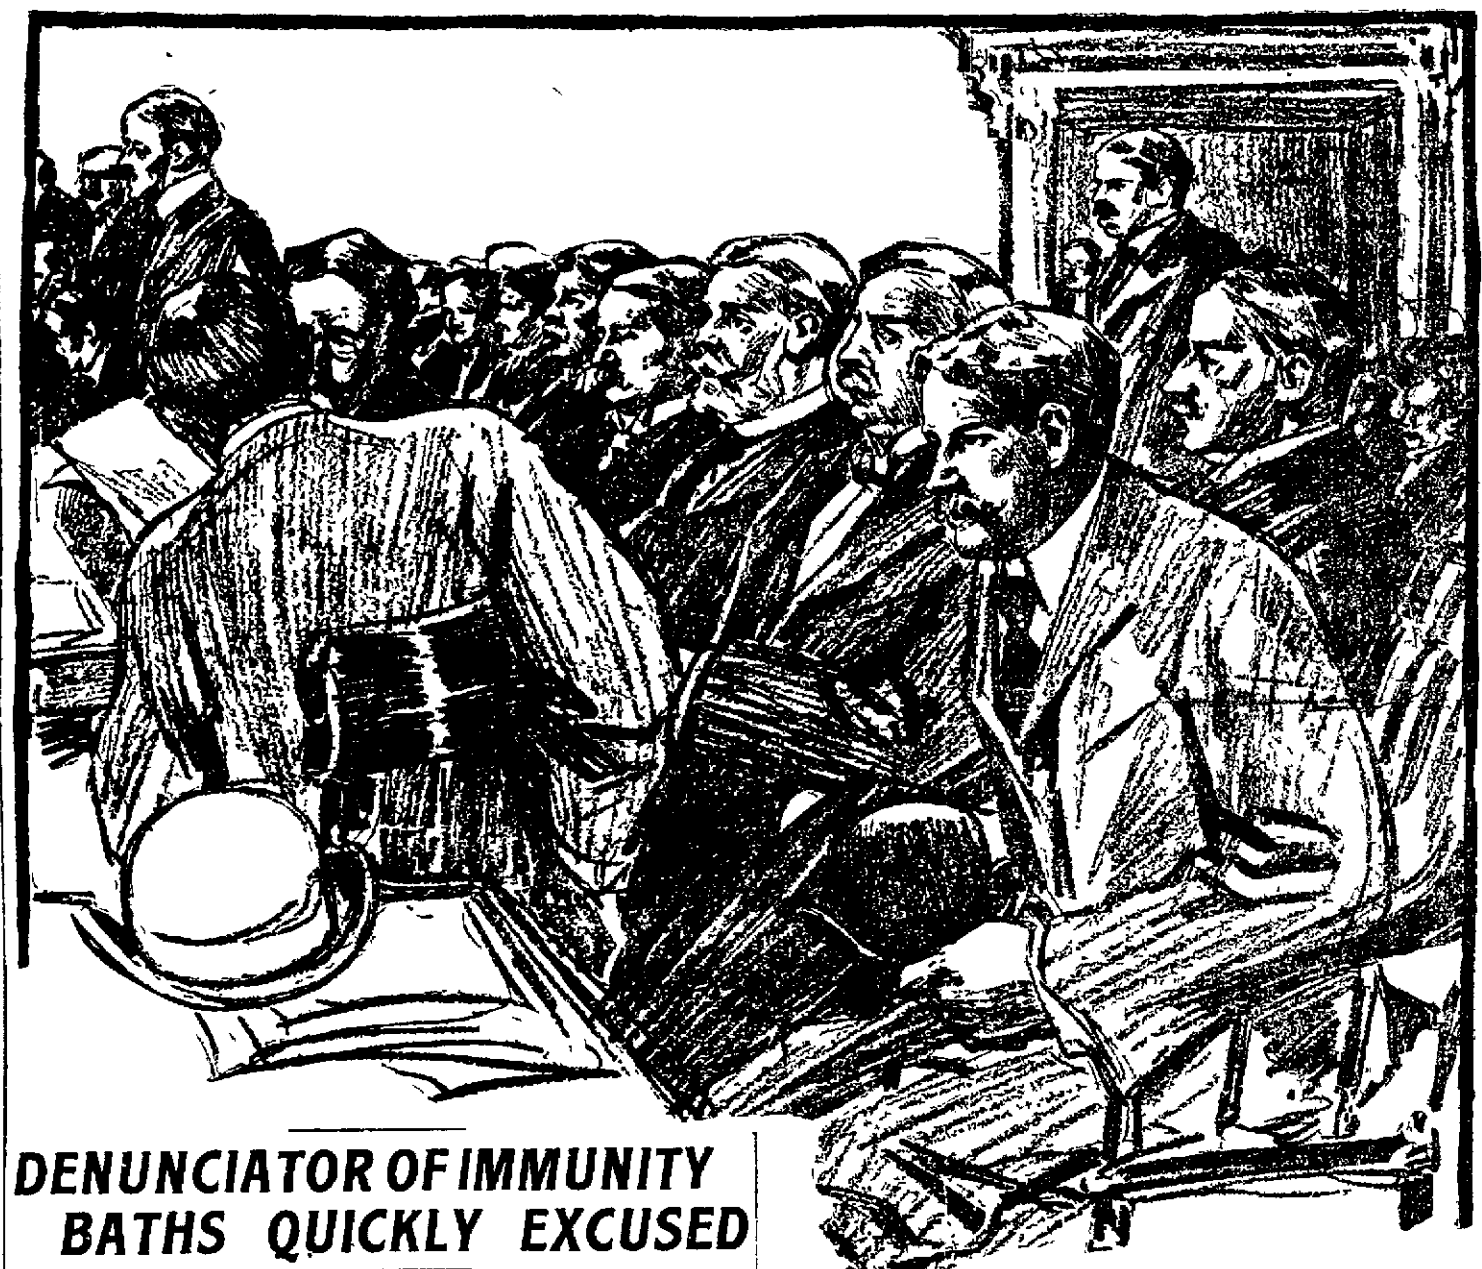

ROCK SPRINGS, WYOMING, Sept. 13.—Forty persons were injured yesterday afternoon in an explosion at the mouth of the third entry to mine No. 10 owned by the Union Pacific Coal Company.

A number of the injured are very badly hurt. It is not expected that any of them will be able to leave the hospital.

The explosion was caused by a gas explosion. The gas was ignited by a lamp. The explosion was very violent. It was heard for miles around.

FIVE JURORS OUT OF TENTATIVE DOZEN ARE SWORN TO TRY FORD

DENUNCIATOR OF IMMUNITY BATHS QUICKLY EXCUSED

Prosecution Uses Two Peremptory Challenges and Lawyers for Defense Exhaust Five.

(SPECIAL TO THE TRIBUNE) SAN FRANCISCO Sept. 13.—The trial of T. L. Ford was resumed in Judge Lawlor's court with the peremptory challenge of seven of the twelve jurors who filled the box for the first time. The five jurors accepted and sworn were Edward W. Bender, law book manufacturer, 231 O'Farrell street; Neils Mortensen, contractor, 1248 Ellis street; Oscar Ferguson, insurance man, 2511 Baker street; Ringold street; John Olsen, shipping man, 4142 Seventeenth street.

This defense used five of its peremptory challenges and the prosecution two. George Potvin, who served on the jury which convicted Glass, was one of the first to go under the challenges of the defense. McBride, whose testimony, in his examination differed considerably from that in the Glass case, where he was disqualified as another quickly disposed of by the defense. The prosecution did not want Richard Herring, the mill owner who thought that supporters had been bribed by immunity contracts as well as by money. They also decided against Woerner.

After the talesmen had been called.

MATTOS MADE APPRAISER OF MERCHANDISE TODAY

OYSTER BAY, N. Y., Sept. 13.—The President today appointed John G. Mattos Jr. appraiser of merchandise at San Francisco.

John G. Mattos studied law in this city in the law offices of Hall & Earl, composed of Supreme Court Judge Hall and Attorney Guy C. Earl. He continued his law practice while employed for many years in the county recorder's office as a copyist. During his term in the county office he resigned while the legislature was in session and for two terms he was an assemblyman. Later he was elected to the position of State senator and has already served half of the term.

Upon giving up his position in the recorder's office Mattos engaged more extensively in the practice of law and has many clients from all parts of the county, particularly in and near his home town, Centerville. He is known throughout the State in his prominent connections with the U. P. E. C., of which he is grand treasurer and past grand president.

PLAGUE SCARE IS ALL BOSH

No Quarantine for City of San Francisco

SAN FRANCISCO Sept. 13.—Chang Mon We, president of the Chinese six companies was found dead today at 42 Sacramento street in Chinatown. Death was due to plague, a Greek laborer who was taken ill in a house on Green street near the water front also died today. The total number of cases to date since May 27 is 24 deaths 13.

Dr. Rupert Blue, the government expert who has been placed in charge of the plague situation, says there is no cause for alarm and that there is no necessity for any danger of a quarantine against San Francisco.

The board of health has offered a bounty of 10 cents a head for rats.

GLASS APPEARS IN COURT AND HAS CASE CONTINUED

Attorney Delmas Objects to Minutes Showing That Trial Was Postponed by Consent of Defense.

(SPECIAL TO THE TRIBUNE) SAN FRANCISCO Sept. 13.—When the cases against Louis Glass, still on the calendar, were called by Judge Lawlor this morning Attorney Delmas asked that the minutes of the clerk be corrected. These minutes, said Delmas, "show that the cases have been continued from time to time by consent of the defense. That is not the case. We have always answered ready."

Judge Lawlor said he would consult the reporter's notes and correct the minutes to correspond with what appeared there. He then postponed the cases again until September 20.

Glass was in court but had little to say to his friends and appeared very much preoccupied.

Ex-mayor Schmitt was in attendance and was more cheerful than usual, chatting in the lobby with a number of friends. His case was continued till September 27 to be set for trial.

MAN BEATEN TO PULP IS FOUND OFF OAKLAND MOLE

Victim of Assassins May Prove to Be a Real Estate Man From the City of San Francisco.

Murder dark, dread inexplicable is leveled by the police to have been the fate of a middle aged man whose body was found floating in the bay near the new So. ern Pacific slip at the Oakland mole this morning. The head and face of the dead man were bruised and cut as if by blows from some heavy blunt weapon and the physicians who examined his body at the morgue are confident that the man met with foul play. There are heavy bruises on the forehead and limbs under both eyes and a dark bruise on the top of the head. It is believed that an autopsy will show that the skull is fractured by the blow which caused the bruise on the head.

The body had apparently not been in the water long.

ENDS LIFE RATHER THAN FACE BUSINESS LOSSES

Englishman Who Starts San Francisco Store Kills Himself When Failure Stares Him in Face.

(SPECIAL TO THE TRIBUNE) SAN FRANCISCO Sept. 13.—S. D. Gordon of the Gordon Jewelry Company, 98 Market street in a fit of despondency following the pressing of his creditors committed suicide some time during the night by taking prussic acid.

Gordon who is an Englishman set up in business on Market street only a short time ago and was apparently doing very well. The effect of the car strike and the falling off of trade due to the absence of so many people from the city during the summer months almost forced Gordon to the wall. He held on however and thought that all would come out well in the end.

Pressed by creditors. Yes, only one of his creditors became particularly pressing and announced that he would meet with the other firms to whom Gordon owed money and decide just what was to be done.

When the jeweler returned to his home last night he reviewed the entire situation and decided that the best thing for him to do was to take his own life. He purchased a vial of prussic acid from the White Drug Store in Union and Geary streets and drank the contents.

It was not until a 9 o'clock morning that his body was found in his room.

HALSEY ABLE TO FACE TRIAL IN THREE WEEKS

(SPECIAL TO THE TRIBUNE) SAN FRANCISCO Sept. 13.—The case of Theo V. Halsey was called in Judge Dunne's court this morning. Attorney Schlessinger reported that the defendant was still confined to his room in the hospital. Dr. Shumate was called and reported that his patient was progressing satisfactorily but slowly. He said it would be two or three weeks before Halsey could stand.

How long before you will allow him to go to trial? asked Attorney Schlessinger.

We usually allow such cases about two months to convalesce.

District Attorney Langdon expressed himself as perfectly satisfied with the explanation but instead of smiling at the jury, as was expected, Judge Dunne told the jurors to report again next Friday morning.

WANTS DIVORCE BECAUSE 'HUBBY' TICKLED HER FEET

A. Wehrmann Claims His Mother-in-Law's Rage, Because Baby Boy Wasn't Girl, Began All Domestic Troubles.

Judge Ogden talked with Mrs. George Wehrmann of Berkeley today who occupied the witness stand in her court with the view of affecting a reconciliation with her husband, Albert Wehrmann, a former employee in a Broadway shop. Although the court allowed Mrs. Wehrmann to withdraw her suit for divorce, it is a month she asked for and \$200 counsel fees when she petitioned for \$300. She seemed not disposed to leave the young couple continue their difficulties in the divorce courts.

From the grounds in the complaint wherein Mrs. Wehrmann said her husband tickled her feet, gave her a shove on the street car, killing her not to be so slow and similar allegations of cruelty Judge Ogden said he thought the plea a very slight one. In view of the fact that they have a baby boy, weeks old the court told Mrs. Wehrmann that it would be to her advantage as well as hers to return to her husband and forget the past.

BLAMES MOTHER IN LAW. Wehrmann testified that he was proud of his baby and worked hard to get it. He said that if his wife refused to live with him he would like to have the divorce decree himself according to the husband. It is his mother-in-law, Mrs. Woodin of San Francisco who is the responsible party for the divorce. He states that a few weeks ago when Mrs. Woodin learned that she was the grand mother of a boy she came to their Berkeley home in a rage because it wasn't a girl. Later she protested against the plan Mrs. Wehrmann wanted to call the child.

He says the mother in law insisted so strongly on his wife leaving him that shortly after the birth of the child he received a telephone message one day from a neighbor that she was leaving him. Mrs. Wehrmann said she was very much surprised when Mrs. Woodin told her that she was leaving him. She said that she was very much surprised when Mrs. Woodin told her that she was leaving him.

On the grounds of failure to provide and desertion, Judge Allen this afternoon brought suit for divorce against Sherman W. Allen.

Judge Wehrmann granted an interlocutory decree of divorce this afternoon to Mrs. A. Cornwell against Correll M. Cornwell on the grounds of cruelty. It was claimed by Mrs. Cornwell that her husband took their baby girl to the photographer and had her pose for nude pictures. He is also said to have since lived away from her. Mrs. Wehrmann is a pretty brunette.

A final decree of divorce was signed by Judge Ogden in favor of Mary L. Martin against John Martin.

FIVE JURORS ARE SWORN IN TO TRY TIREY L. FORD ON BRIBERY CHARGE

(Continued From Page One.)

"Would that not lead you to some opinion?"

"I should have no opinion in this case until I heard some evidence."

DOUBTS SUPERVISORS.

"Would you not have a conclusion that would be supported if you heard the supervisors repeat their testimony in this case?"

"I should want other testimony than that of the supervisors."

"Would you be inclined to place more confidence in Mr. Langdon when he appears before you than you would in one of the attorneys who are strangers to you?"

"No, sir."

"Have you met Mr. Heney?"

"Once, I was introduced to him in the courtroom."

"One of your brothers is very friendly with Mr. Langdon?"

"I don't think any of them know him."

"Wouldn't you prefer seeing Mr. Langdon with his case, being friendly to him?"

"I would like to see him succeed, but not at the expense of justice to anyone."

"Suppose the evidence were equally balanced, wouldn't your interest give you more pleasure to see the case go to Mr. Langdon?"

"I couldn't allow anything of that sort to interfere with my judgment of the guilt or innocence of Mr. Ford."

"Have you not criticized the United Railroads for its position in the strike?"

"I have a particular sympathy for them, but I don't think I ever expressed any feeling."

"Are you entirely without bias or sympathy?"

"Yes."

"Do you know Fremont Older?"

"No, sir."

"Do you read the editorials written by Mr. Livernash?"

"No, sir."

"Would believe Ford."

"How would you regard the testimony of General Ford if he should give it?"

"I should consider it the same as that of other witnesses."

"You regard the prosecution as right?"

"I think they are furthering justice."

"You think, then, that the fact that Mr. Ruf has not been sentenced but has been incarcerated in a private house is paramount to justice?"

"Mr. Heney's voice was heard for the first time. He had just come into the courtroom."

"That question assumes a fact not in evidence," objected Mr. O'Garra.

"And it's a bad guess," added Mr. Heney.

"Put a shrewd one," chimed in A. A. Moore.

RULES OUT QUESTION.

Judge Lawlor ruled the question out. The defense is having its troubles in getting the five jurors who are continually being redrawn from the box.

Attorney Moore announced that in the case of these jurors he wanted it stipulated with the prosecution that in the Glass trial the supervisors testified that they received bribes from the United

Railroads to vote for the trolley franchise; that these jurors found Mr. Glass guilty on similar evidence; that they are now called to pass upon the same evidence in the trial of this defendant.

Mr. O'Garra refused to make any stipulation in this matter.

SUGGESTS STIPULATION.

Attorney Moore then offered the minutes of the court in the Glass case, the indictment of Louis Glass and a statement of the facts in the Glass trial.

The selection of jurors and a stipulation should be made as to the evidence in the Glass case. He said that no evidence of other crimes was admitted to prove them as such but as that the prosecution had made no difference as to their claim that the evidence had gone before the jury. It should get together during the recess to agree on some plan which to put the matter before the court.

The defense said it made no difference as to their claim that the evidence had gone before the jury. It should get together during the recess to agree on some plan which to put the matter before the court.

BATTLING NELSON WANTS TO FIGHT GANS FOR \$25,000

Billy Nolan Issues Challenge to Negro for Any Time and Place, Winner to Take All.

Billy Nolan, manager of Battling Nelson, was a caller at THE TRIBUNE office this morning, and he authorized this paper to state that he was willing to match Battling Nelson with Gans, winner take all.

Nolan did not in any way berate Gans as a pugilist, but he held that the negro can make more money fighting Nelson than he can make fighting anybody else in the world.

"Jim May has offered \$25,000 for a battle between Nelson and Gans," declared Nolan. "Now you can say for me that Nelson will fight him for this purse, and if Gans beats Nelson neither the Battler or myself will ask for a penny."

"Mr. Gans is going to fight Jimmy Burns for \$3,000, which looks like a good business proposition, but we cannot understand why he will not fight Nelson for \$25,000, inasmuch as he has recently stated that Nelson is easy."

WHY NOT?

"If Nelson is easy, as Gans says he is, why doesn't Mr. Gans take a chance on getting that \$25,000?"

"There is nobody else in the world that Gans can get this kind of money with. The last time that Nelson and Gans fought they went forty-two rounds, and the negro could not win with a knock-out from him."

"That fight did not end satisfactorily, and Gans cannot expect it away. Gans claims to have won. Now, supposing for the sake of argument, that we admit that he did win? If he won, as he says he did, shouldn't that be the best reason in the world for his coming out and repeating and getting \$25,000?"

"We will name the three legitimate California referees, Eddie Smith, Jack Welsh and Eddie Graney, and Mr. Gans can choose any of these men, if he concludes to fight Nelson."

"And we will fight Gans, winner take all. If we lose, we don't want a cent. If we win, we want it all. Gans knows this, and that is the only reason that is holding him away from Nelson."

"Let me tell you," continued Nolan, "if some club offered a big purse for a battle between Nelson and Eddie Macdon, or some such scrapper, it would not take me three seconds to sign."

"Now Gans holds Nelson cheap, or at least he says he does. If Gans is in earnest about Nelson, why doesn't he come out and take a chance at winning that \$25,000 that Jim May offers?"

READY ANY TIME.

"Nelson is ready to fight Gans at any time and any place where the inducements are reasonable, and if Gans beats Nelson, we don't want a cent for our trouble."

"It's all right for Gans to go around the country telling the public that Nelson is easy, but if Gans really thinks that Nelson is easy he can fight him for that

and if he beats Nelson, as we said before, we won't ask for one penny for our end of the engagement, and we stand ready any time to fight Gans, and he can select any one of the three reputable California referees mentioned above."

"Let Gans talk all he wants, but he will eventually have to fight Nelson. He cannot get money with anyone else, and when he gets ready to battle, all he has to do is make a noise like a fight, and he will find Nelson willing to take him one."

"Mr. Gans is going to fight Jimmy Burns for \$3,000, which looks like a good business proposition, but we cannot understand why he will not fight Nelson for \$25,000, inasmuch as he has recently stated that Nelson is easy."

WHY NOT?

"If Nelson is easy, as Gans says he is, why doesn't Mr. Gans take a chance on getting that \$25,000?"

"There is nobody else in the world that Gans can get this kind of money with. The last time that Nelson and Gans fought they went forty-two rounds, and the negro could not win with a knock-out from him."

"That fight did not end satisfactorily, and Gans cannot expect it away. Gans claims to have won. Now, supposing for the sake of argument, that we admit that he did win? If he won, as he says he did, shouldn't that be the best reason in the world for his coming out and repeating and getting \$25,000?"

Great Auction Sale of Oriental Rugs

Friday and Saturday of This Week Only

By order of Creditors to satisfy claim held by them. Owing to the unsettled conditions in San Francisco this stock has been removed to

269 Twelfth Street

Oakland, between Alice and Harrison streets, where the entire stock will be disposed of or enough of said stock to satisfy claim of eleven thousand eight hundred and ninety-six dollars. Sale commences Wednesday, September 11th, at 2 and 8 p. m. and will continue at same hours for a few days only. This stock comprises some of the most beautiful rugs ever made in the Orient; in fact this is the largest and most desirable stock of Persian rugs ever offered on the Pacific Coast. Connoisseurs and all lovers of Persian rugs should attend this sale, which is positively peremptory. When your house is once carpeted with Persian rugs you have no more floor coverings to buy during your lifetime. Come early and make your selections before the sale.

Every rug offered will positively be sold to the highest bidder.

"JUST AROUND THE CORNER"

CUTS RECORD SIX HOURS

(Continued from Page One.)

knots per hour to Plymouth, having the better time.

22.87 KNOTS PER HOUR.
The Lusitania's speed per hour on her maiden voyage is estimated at 23.01 knots per hour. The new ship was decked with flags and bunting when she made her appearance off Sandy Hook this morning. Her four funnels, painted in the color to the picture which was marred by the prevailing haze.

A good sight of the beautiful vessel was had from shore for only a short while. Her passengers lined the railings and crowded the different decks of the large vessel waving handkerchiefs and American and British flags.

GREET BIG STEAMER.

The marine observatory stations on shore dipped their flags in salute. Other vessels in the lower bay blew their whistles in greeting and the Lusitania's blue ensign was constantly lowered and raised again in acknowledgment of the reception given her.

She steamed slowly up the bay from the New Ambrose channel, dug especially for vessels of great draft, and which she will be the first to use in entering the port of New York.

The pilot who has the honor of bringing the Lusitania through the Ambrose channel today is Frank Kramer of the Sandy Hook Pilots' Association. For years he has been piloting vessels of great draft in and out of this port. Kramer guided the Cavala out through the new channel two weeks ago.

WHAT LOG SHOWS.

The log of the Lusitania gives her time of passage as 5 days 54 minutes and her time of arrival off Sandy Hook lightship as 8:49 a. m. Her average speed was 23.01 knots per hour and the days' run were five.

Miles: 555, 675, 570, 593 and 483 to the lightship, a total distance of 2382 miles.
NEW RECORD FROM HAVRE.
NEW YORK, Sept. 12.—The trans-Atlantic steamship record from Havre to New York, which has been held by the French line steamer La Provence for a year, was broken by that steamer today when she arrived at New York. La Provence completed the run across the long distance of 3140 miles from Havre today in 6 days 1 hour 12 minutes. The previous record for this course held by La Provence was 6 days 2 hours 15 minutes. The Lusitania's average speed for the entire run today was 22.03 nautical miles per hour.

WILDY CHEER LINES.

When the giant Cunarder swept up the bay she was given a clamorous greeting by an immense fleet of steam craft which had congregated off the quarantine station to await her arrival. Nearly every one of the yachts, towboats and other steamers was crowded with passengers well supplied with horns and other noise-making devices, and at times even the shrieking steam whistles were almost drowned out by the tows and cheers.

The Lusitania presented a magnificent picture as she slowly drew up at quarantine. Her keels, high bow, beautiful funnels and finely modeled stern marked her a true greyhound.

GIVEN HIGH WELCOME.

The first sight of the big steamer gained the passengers on the big steamer gained was one of welcome. From the highest point of the towering Singer building on Broadway, the tallest of the buildings in the world, there had been struck a series of signal flags which in the marine code spelled "welcome."

The fluttering greeting was 600 feet above Manhattan and could be seen far down the bay. The Lusitania's passengers included Robert Balfour, M. P.; Mrs. Peter Palmer; Robert Golet; Mrs. Richard Croker and several officials of the Cunard line.

MAN BEATEN TO PULP.

(Continued from Page One.)

the bay more than forty-eight hours when found and a considerable amount of blood exuded from the wounds on the head and face after the remains were taken to the morgue.

CARDS IN POCKET.

In the pockets of the dead man's clothes were found a number of business cards. Six of these bore the name of James E. Heagerty, real estate, realty loans and insurance, 7 Plymouth avenue, Ocean View, San Francisco. One of these cards bore the name of H. Goldstone, Ocean View, in pencil on the back. All of the others bore notations relating to the size and price of building lots jotted over them. In addition there were two other cards, one bearing the name of Clara L. Matthews, public stenographer, Countyman building, 315 Van Ness avenue, San Francisco, and the other, apparently another business card, was illegible. Owing to the fact that so many of the cards bore the name of Heagerty the police are convinced that this was the dead man's appellation.

POLICE NOTIFIED.

The San Francisco authorities have been notified but as yet no word has been received from them to complete the identification of the body.

A black suit, soft mixed gray shirt, black four-in-hand tie, and a nearly new pair of black calf shoes composed the attire of the dead man. He was about 45 years of age and weighed over 140 pounds. His hair was dark brown, slightly tinged with gray, and rather sparse on the top of the head. The eyebrows were very scanty and he wore a long brown mustache rather sparse.

An inquest will be held at the city morgue as soon as the acquaintance of the dead man can be brought over to this side of the bay to testify as to the probable cause of his death.

HE ENDS LIFE.

(Continued from Page One.)

at 1175 O'Farrell street, and Byron Maury reported the case to the morgue.

PREFERS DEATH TO DISGRACE.
When the body was searched the man's watch and chain and numerous trinkets were found in his clothes, together with two letters, one to Dr. T. Wilson Serviss, his physician, and the other to Attorney M. H. Wasservitz.

The letters follow:
"T. Wilson Serviss, M. D.—Dear Sir: I met with great trouble today. Uncalled for pressure by one of my creditors will bring ruin and failure, and rather than disgrace, I prefer death. You know my intentions have always been honest about question."

"To my attorney, Mr. Wasservitz, of rooms 30-32 Cal building, I leave some instructions. My only wish is that my poor wife and children in England shall be informed, that I may be buried amongst my own people."

LETTER TO ATTORNEY.

"M. H. Wasservitz, City Dear sir: I cannot go through this disgrace and must pay with my life for all my blunders. There is more than enough to pay every one."

"As my last request, I would ask of you to take care of my estate and personal effects, and whatever may be left over to hand it over to my poor wife, Rebecca Gordon, who lives with my poor children at 15 Green Cove street, Elmer, Scarborough, Manchester, England, whom I leave without means of support and absolutely destitute."

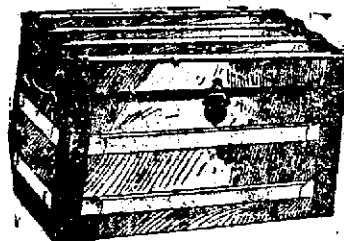

"I would also ask you to transmit the sad news to them, and that I may be buried in the Jewish cemetery and defray the expenses of the business."

"I don't know another soul, and hoping you will hearken to the last prayer of a broken-hearted and distressed, lonely, sad man."

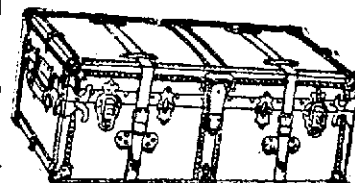

S. D. GORDON.
The following is a postscript in which the dead man asks that Rabbi Levy take charge of the funeral services and see that he is given a proper burial.

HOW WE CUT CIGAR PRICES

We carry every brand of 12½c cigars. But there is not a 12½c cigar in our store. We sell all 12½c cigars for 10c.

This is a direct saving of 20 per cent to every smoker of high-grade cigars.

This is not spasmodic with us; we have done it for two years; and we always will do it.

We sell all 5c cigars—6, 7 or 8 for a quarter.

The only cigar we sell at 5c is the Cedula, and this is a cigar that every other dealer sells for 10c.

To use a colloquialism, "put these facts in your pipe and smoke them"—they will save you just one-fifth of your cigar money.

ORGANIZED TO PROMOTE FOURTEENTH-ST. WORK

Improvement Club Created at Meeting Attended by Enthusiastic Property- Holders—Officers Elected.

The Fourteenth Street Improvement Club organized, officers and executive committee elected, temporary committee on electroliners appointed and the general outline of future work mapped out were results attained last night by an enthusiastic gathering of active citizens residing on and owning property along Fourteenth street, at the real estate office of George W. Austin, 1015 Broadway.

The meeting was called through the efforts of L. W. Jefferson, and "the purpose of this organization," as he himself stated, "is to originate a medium by which property owners and taxpayers may get together so they can act as a unit in the matter of paving the street, installing electroliners, repairing and laying sewer mains, widening the thoroughfare by narrowing the 15 foot sidewalks, removing obstructive and unnecessary trees; advising the extension of the street to Lake Merritt; planning larger fire limits and all other improvements which will enhance its commercial value and make it one of the best business streets in Oakland.

CHIEF TOPICS.

The widening of the street and the laying of sewers were the chief topics under discussion during the evening, preliminary to the election of officers. City Engineer Frederick C. Turner was present and stated that the street was 80 feet wide from curb to curb, with 15 feet sidewalks, and that a resolution had already been passed by the City Council to open the street between Harrison and Alameda streets. The engineer advised street extension and widening because of inducements toward increasing business traffic, both on account of the central location and low grade, and he suggested the lowering of sewer mains sufficient to allow traffic in business.

Different opinions were expressed by A. J. Snyder, George W. Austin, J. E. Thayer and others on the feasibility of narrowing the sidewalks. Snyder argued that though traffic might be increased, yet a 15 foot walk might be adequate to accommodate pedestrians, especially on crowded afternoons and evenings.

Others, however, feared no such inconvenience. Most of the speakers argued that the wider the road for team and driving, the greater the prospects of attracting buyers and increasing business.

MILK PRICES MAY CLIMB UP

New Ordinance Regulating the
Dairies Passed by the
Council.

BERKELEY, Sept. 12.—As a result of the ruling of the Board of Trustees made at the meeting last evening, that the milk ordinance recently drawn up be adopted, the price of milk in Berkeley will in all probability be increased 2 or 3 cents a quart.

Representatives of four dairies were present at the meeting and voiced no protest against the passing of the ordinance, and the final vote on the measure went with but one dissenting voice, that of Trustee William Schmidt of the Seventh Ward.

FEED FOR FIRE HORSES.

Bids were ordered called for providing hay and feed for the fire department horses for the year commencing October 1 next.

The feed supplied will be half oats and half wheat hay.

William B. Heywood, who operates a wharf in West Berkeley, asked to connect his holding with the proposed municipal wharf by a number of streets. His request was granted and Town Attorney Redmond C. Stairs was instructed to draw up an agreement to that effect.

GRADES.

The ordinance fixing grades on Loma avenue was adopted.

A resolution of intention to grade

THE WONDERFUL ARTISTANO

The A. B. Chase Player Grand on Exhibition Has Been Viewed by Interested People All Week—This Is the Wonderful Instrument to Be Used in Concert in Oakland Very Soon—Has Received Highest Commendations.

One of the greatest mysteries to all the people who have viewed the Artistano during the last week is how they conceal the player mechanism.

People in crested in player pianos, business men and men in other walks of life, having no time to devote to the study of music have been wondering for the past two or three years if it would be possible to have a grand piano with the player mechanism built inside which would not be bulky or show in any way, but little did they dream that the compactness of the Artistano would be so complete.

When the tip which receives the perforated roll for manipulating the player is not in use it folds back underneath the keyboard of the piano in such a way that it is not discernible, and the pedals of the player fold up inside the lyre.

Mr. Frank Hemstreet, celebrated barytone of New York City, who appeared on this program at Ebell Hall Friday evening, September 20th, has all of his accompaniments played by the aid of the Artistano. Mr. Hemstreet is a well-known artist, has a pleasing voice and the happy faculty of winning the undivided attention of his audience. Mr. Hemstreet has appeared in large concerts in the East and been accompanied by some of the finest accompanists in the country, but still has to say that his greatest surprise was the ease and grace with which the accompaniments were played upon the Artistano.

In the many recitals in which Mr. Hemstreet has appeared the verdict of the press and critics has been most flattering and Oakland should have a treat in store when he appears here. Sherman, Clay & Co. are mailing hundreds of invitations to the recital, and it is planned to assemble all the lovers of good music to hear this Artistano.

There will be no charge for admission, courtesy of Sherman, Clay & Co.

WILLIS JAMES DEAD IN EAST

NEW YORK, Sept. 13.—D. Willis James, senior member of the firm of Phelps, Dodge & Co., of this city, died today at Breton Woods, N. H., aged 75.

James was president of the Golden Hill corporation and Southwestern Investment company, a director of the Northern Pacific Railway company, the Arizona, El Paso and Southwestern Railroad company, the Commercial Mining company, Ansonia Clock company, Detroit Copper Mining Company of Arizona and of the First National Bank of this city.

James was a member of many learned societies, including the Geographical Association of Naval History and the National Academy of Design, and was distinguished as a philanthropist.

GRAND JURY WILL INVESTIGATE COPYISTS

The Grand Jury has subpoenaed for its meeting on Monday next, V. Ghirardelli, Harold Mathews and Charles C. Carpenter, copyists in the County Clerk's office who, it is said, have not been doing the required amount of work, according to the figures of the Grand Jury expert, Will H. Church, who is said to have been keeping a record of the work turned out each day. Just where the complaint lays

District Attorney Brown or members of the Grand Jury will not divulge, but it is said that the expert holds that the \$100 a month salaries have not been fully earned.

In the County Clerk's office the copyists who are appointed by the Board of Supervisors, are at a flat salary of \$100 a month and have not a set amount of work to do. In the County Recorder's office the same positions are paid for by the fello and about the same salaries are earned.

"If it is a matter of not enough work,"

said one of the copyists, "I think the attack will be an unjust one, for as far as I am concerned, I have complied with my duties."

CITY WINS FIRST POINT IN FIGHT WITH EDSON ADAMS

Judge Ellsworth Refuses to Issue Writ Compelling Council to Accept Map of Lake Merritt Property.

The Oakland City Council has gained its first point in the legal proceedings instituted against it by Edson F. Adams in his fight to keep his Adams Point property from being purchased for park lands. This afternoon Judge Ellsworth in Department No. 3 of the Superior Court sustained the demurrer of City Attorney John J. McElroy and refused to issue writ of mandate compelling the council to accept and endorse the map Adams had prepared of certain portions of his property on the north shore of the north-east arm of Lake Merritt.

In sustaining the city's demurrer, Judge Ellsworth held that the complaint did not set forth sufficient grounds to show why the City Council should be compelled to endorse the tract that the banker and property owner desired to open. The court gave Adams ten days in which to answer. Adams was represented by Attorneys Milton S. Hamilton and Gus S. East.

The present controversy arose over the steps taken by municipalities to obtain the Adams Point property for park lands. Bonds have been issued and the city is ready to acquire the lands when Adams agrees to sell it at the price offered. This he refused to do and claims he wants to apportion his lands off into lots and streets for the market. The city refused to allow him to open streets and with, if necessary, institute condemnation proceedings against Adams for what they hold will be a reasonable figure on the disputed land.

CHARGE LAWYER WITH BRIBERY

Accuse Him of Trying by Use of Money to Prevent Prosecution of Hold-Up.

(Special to THE TRIBUNE.)
SAN FRANCISCO, Sept. 12.—James J. Ross, lawyer who plies his trade in the local Police Court was arrested today by Detectives G. D. Harger, W. A. Armstrong and T. E. Kelly on a charge of bribery.

Ross was retained by John Burton, who, with William Gannon and a third man who is unknown to the police, held up Morris Baron, a barber, about two weeks ago and robbed him of a diamond stick pin and a large amount of money.

Ever since Ross has been defending Burton he has endeavored to make an appointment with Burton to meet him at his place of business, and yesterday a conference was arranged at the barber shop. Baron suspected what was about to be done and informed Captain of Detectives Kelly, who detailed several men in an adjoining room to overhear what took place.

GETS WARRANT.
When Ross arrived in company with Mrs. Burton he immediately offered Baron \$150 and guaranteed the return of the money and jewelry he had lost if he refused to prosecute either of the two defendants. Baron put the attorney off with some excuse and the police, who had heard the entire conversation, proceeded to get a warrant for the arrest of Ross, and when he came into court this morning to try the case he was seized by the officers and placed in the city prison, from which he was later released on bail.

Further evidence was taken in the case of Burton and Gannon this morning and they will undoubtedly be held to answer before the Superior Court.

RUN DOWN AND SINK SCHOONER

Steamer Having Distinguished Passengers Crashes Into Small Vessel.

NORFOLK Va., Sept. 12.—Having aboard Governor Higgins of Rhode Island and the large official party from that State who attended the Rhode Island Exposition this week, the steamer Dorchester, which sailed from Norfolk for Providence late last night, ran down and sunk in Craney Island channel of the Elizabeth river, the schooner Fannie S. Government, bound from Gloucester county, Va., to Norfolk.

The Dorchester was uninjured. Four men narrowly escaped drowning.

KICK OF HORSE PROVES FATAL

Keeper Across Bay Receives Blow in Stomach While Harnessing Animal.

(Special to THE TRIBUNE.)
SAN FRANCISCO, Sept. 12.—Bartholomew Donati, who was severely injured by a kick from a horse at Morton's stable on Larkin street on Admission Day, died early this morning at the branch city and county hospital at the Alms House. Donati was harnessing the animal, and without warning he received a kick in the abdomen. He was taken to the central emergency hospital, where his wounds were dressed and later removed to his home, 1325 Dupont street. His condition steadily grew worse and on Tuesday he was removed to the Alms House. He was a man of middle age and had been separated from his wife.

DETECTIVE'S WIFE HAS NEIGHBOR ARRESTED

BERKELEY, Sept. 12.—Mrs. Henry Jamison, wife of Detective Sergeant Henry Jamison of the local police force, complained today to Berkeley Mayor that her neighbors were disturbing her peace by cursing and shouting. She caused the arrest of Mary McGuire, who lives at 243 Eighth street, when it was reported to her that she was found sitting on the floor at that address and cursing her son-in-law, John McGuire, in vehement tones. The case was booked for next week.

SAYS EMPLOYE WAS ROBBED

The police have been notified that John Mott, a tailor's cutter, employed in the establishment of A. Boas at 1029 Washington street, was held up and robbed at

the corner of Thirty-second street and San Pablo avenue last night. Boas reported the affair to the police, and he declares that Mott was struck over the head with a blunt instrument and robbed of his watch and a considerable amount of money. He was unable to tell anything about Mott's present whereabouts, however, and the police are inclined to doubt the story.

SIX-FOOT BOY DISAPPEARS

John Hanschen, 17 years of age, has been reported as missing to the police. Hanschen left his home at 644 Fifty-fourth street about two months ago with

the intention of seeking employment. Since then he has not been seen by his friends and they fear he may have met with some mishap. Hanschen was six feet one inch tall, and weighed about 115 pounds. He was of fair complexion, with blue eyes, and was a native of New Ulm, Minnesota.

These Suits are on sale at both the Oakland and Berkeley Stores

The three suits shown in the picture are exact reproduction of a trio of the swell-est of this season's man-tailored suits.

The quality of the materials, the general make-up and effectiveness of these suits would indicate a much greater price than asked.

Walking Suits \$27.50

(Left model in picture.)

30-in. street suit made of very fine black or blue English serge; the jacket has a semi-fitted back and is lined throughout with satin. Skirt in the new multi-plaited effect.

The Choosing Of a Fall Hat

It is indeed a clever person that can tell the value of a stylish hat. So much of the effect depends on the ability of the milliner. It has always been our claim that our price for millinery is based on the cost and not on what it can be sold for. This is decidedly true of this season's smart hats, and we venture to say that in many stores duplicates of our hats will be found to be marked from one-third to one-half greater than our prices.

Fall's new dress hats trimmed in accordance with fashion's laws as laid down in London, Paris and New York are priced \$6.50, \$7.50, \$10.00, \$12.50 and to \$60.00.

An elegant showing of practical Walking Hats in variety of color and style sufficient to guarantee something harmonious to wear with any Fall costume; prices are \$1.50, \$2.50, \$5.00 and to \$10.00.

Young Misses Sailor Hats trimmed with bands; ideal for school and street headwear; 75c, \$1.25 and to \$2.00.

Infants' Fall and Winter Needs

Our lilliputian department just now teems with everything that babies can require in underwear, sleeping garments and hosiery.

Five complete lines of "Rubens" vests; all-wool, wool mixed, silk and wool, pure silk; priced according to grades; 35c to \$2.25.

The desirable "Dalby" vests in cotton wool mixtures, also pure silk; sizes 1 to 7; prices 25c to \$1.50. "Alma" vests for infants' with full fashioned sleeves; silk and wool mixed from \$1.00; pure silk from \$1.50, according to size.

Infants' knitted bands—25c, 35c, 65c.

INFANTS' STOCKINGS Infants' soft cashmere hose in white, black and colors, silk tipped—25c pr. Infants' mercerized hose in white, black, tan, pink or blue; all sizes—25c pr.

Infants' silk and wool mixed hose in white or black, very dressy and durable—50c pr.

Note the Fall Shades in

"Guaranteed" Silk Petticoats

Not a week passes that we do not receive a new shipment of the popular "S. H. & M." guaranteed silk petticoats. The makers of these petticoats take particular pride in putting out new designs and new shades which are expressed to us just as soon as they leave the factory.

You should all know by this time what this "guarantee" means. Very clear—attached to each petticoat is a positive agreement that if any split or crack appear within three months, you bring us the proof of it and we give you a new petticoat instant.

Grades of the new silk petticoats—\$6.50, \$7.50, \$8.25, \$9.00 and to \$20.00

Stylish "Piccadilly" Coats

Many attempts have been made during the past five years to produce something as snappy as the "Piccadilly," but so far all such attempts have been failures. The designers of the "Piccadilly" are forever improving on the styles and enlarging the variety of the fabrics and therefore can easily keep in the lead.

Piccadilly Coats of three-quarter length in sizes 8 to 14 years have come this season in navy, blue, hunter red, burnt red, burnt orange, many new shades of brown, gray mixtures and plaids, strictly tailored and decidedly English.

\$6.50, \$7.95, \$8.50, and to \$20.00

For the new Piccadilly Coats of full length, in sizes 8 to 14 years, the popular materials are new gray and brown mixtures and several kinds of new checks. Prices are \$9.95, \$12.50 and to \$16.50

The Importance of the Belt

Must not be regarded too lightly. With shirt waists and separate skirts so popular, a becoming belt is an important item in the general effect.

Among the big variety of belts there are styles and colors to fill every belt want and at the wanted price.

Elastic Studded Belts, New York's latest ideas; in black, new browns, red, navy, champagne, \$1.25, \$1.75, \$2.25 and to \$5.00.

Studded elastic Belts in black and white only—50c and 65c.

Plain elastic Belts with buckles; big assortment in black and colors; 55c, \$1.25.

Velvet elastic studded Belts in all new shades and black; \$2.95, \$3.50, \$4.50.

Plain velvet elastic Belts in all colors—\$3.00.

Stylish showing of novelty silk Belts in black and colors, all up-to-date ideas; 50c, 65c, \$1.25 and to \$2.50.

Ladies' New Stockings

The hosiery department is now proudly displaying its Fall novelties. The variety and value of its many lines justify a visit.

At 50c pair—a swell lot of fancy Hosiery in the new checks, polka dots, solid colors, also in black with floral or conventional designs.

At 50c pair—Many novel designs in Ladies' Black Lace Hose, either boot or all-over effects, this is a very strong line.

At 50c pair for \$1.00—A durable quality of Ladies' Lace Hose in a variety of new boot effects, black only.

At \$1.25 pair—Striking novel plaid effects in the highest grade of fine thread hosiery. The variety includes all colors.

Silk Hose—Special \$1.50 pair

Ladies' black Silk Hose of medium-weight, made with strong cotton soles to insure durability. Full length, extra elastic—a very exceptional value.

Don't Wait for the Rain

—You may be a mile from the umbrella store when the first Fall rain christens you.

Better select one now, even if the sun be shining.

Our new stock of Umbrellas is a first-class lot of genuine rain-shedders. The coverings are tight, the frames are strong and the handles are novel and convenient.

Grades from 50c to \$15.00.

Anderson and His Successor.

Outraged public opinion has compelled the retirement of Captain Anderson from the head of the San Francisco police department. His appointment was only temporary, but it should never have been made. His record during the Mission troubles showed him to be a weak, vacillating man lacking in moral stamina. A fresh outbreak of violent disturbances marked his accession to the office of Chief of Police. The atrocious affair of last Tuesday night was a natural sequence of the riot on Labor Day, and was the climax of imbecility and moral cowardice, if not worse. The statement Anderson gave out on the following day was a defense of crime and an impudent plea for ruffianism in uniform.

While it is gratifying that Anderson has been removed as acting Chief of Police, the election of William J. Biggy to fill the vacancy is far from satisfactory. It is swapping one bad horse for another. Neither Biggy's character nor career is assuring. His election is only another proof that Mayor Taylor stands in loco Spreckels to the city. He is a laundry worker in politics, and takes his principles with the wash. Mayor Phelan kicked him off the Police Commission as a man unfit for his position and unworthy of trust. His summary removal was approved by the Bulletin and Examiner in scathing editorials. He has since given no further claim to confidence and respect other than his service as turnkey of the private jail Rudolph Spreckels has set up under the wardenship of William J. Burns.

It is stated that Burns will supervise Biggy's reorganization of the police force. It is easy to imagine what this means. Perhaps it is unwise to worry over trouble that is yet to come, but it is nevertheless unpleasant to contemplate the prospect of the police force being employed to further the political and financial schemes and gratify the revenges of Mr. Spreckels. However, Biggy is Chief of Police, and notwithstanding his unsatisfactory record, is entitled to be judged on the merits of his future performance. If he does his duty fairly and honestly, he will justify his selection and redeem his soiled and tattered reputation. THE TRIBUNE purposes to give him a fair deal in the hope that the power and responsibility placed in his hands will be wisely employed and honestly met.

Senator Perkins and the Foxy Quiller Pedagogue.

The San Francisco Call professes to think it a great wrong for Senator Perkins to pay his political debts with official patronage. Yet it thinks it all right for President Wheeler to use Federal appointments to pay off his private revenges and magnify his political influence. The Call is also warmly in favor of allowing Rudolph Spreckels to pay his political debts and wreak his personal grudges with the municipal patronage of San Francisco.

But the Call misrepresents the case when it says Senator Perkins recommended Charles E. Thomas for postmaster of Berkeley in payment of a political debt. There was no political debt there for Senator Perkins to pay. Quite the reverse is the truth of the case. Senator Perkins resented the attempt of President Wheeler to dictate to Congressman Knowland as to whom he should recommend for the Berkeley postoffice. He took righteous umbrage at Wheeler's political activity, the political slanders he furtively set afloat, and the underhanded methods he resorted to in the effort to place Congressman Knowland in a false light and exalt himself before the people of California as the real dictator in regard to Federal appointments in this State. Wheeler's conduct with respect to the Berkeley postoffice has been marked by deceit, misrepresentation and gross discourtesy, wholly unprovoked and unwarranted, to Congressman Knowland and Senator Perkins. All through he has played the part of a scheming dissembler, never at any time being candid with the public or fair and courteous to the Congressman from this district and the two Senators from California.

Merrill and Thomas were mere incidents of the game which Wheeler has played with such consummate duplicity and success. The issue was made before Thomas was ever recommended by Mr. Knowland, Senator Perkins and their colleagues, and it was purposely made by Wheeler for his own political aggrandizement. He was determined to name the postmaster of Berkeley, and equally determined to have it appear that his influence with the President outweighed that of all the Senators and Congressmen from California put together. In thus scheming to put a personal and political indignity on the Congressional representatives of the people, he maneuvered to make it appear that the entire California delegation were engaged in a nefarious plot to put corrupt and unfit men in office.

Senator Perkins and Mr. Knowland are well known to the people of Alameda county. Their services in Congress are a matter of record which no amount of aspersion and misrepresentation can belittle. Senator Perkins has accomplished more for the substantial benefit of California than any man this State ever sent to the Senate. The coast is dotted with lighthouses and buoys to protect shipping as a result of his labors. His services have been invaluable in securing appropriations for public buildings and harbor improvements. He has been a watchful guardian of the State's citrus fruit, viticultural and animal industries. Owing to his exertions a large force of men are employed at the Mare Island navy yard. All the President's reform policies have been actively seconded by him, and the interests of the Pacific Coast in particular have been vigilantly protected and promoted by him. American shipping, American commerce and American industry have found in him a vigorous and steadfast champion. No man appointed on his recommendation has proved a defaulter or incompetent to fill the office to which he was appointed. In a continuous service of fourteen years in the Senate, Senator Perkins has never been absent from his seat but five days while Congress was in session. A more useful and assiduous record of public service can hardly be imagined. It is a record that cannot be destroyed nor tarnished by the tricks and misrepresentations of a smooth hypocrite like Benjamin Ide Wheeler.

The Bakersfield Californian reports that ground squirrels and predatory birds have become intolerable pests in the irrigated section of Kern county, the former menacing the irrigation districts, the latter harvesting the Egyptian corn crop for their own use. It recalls the fact that when Haggin & Carr took up the desert lands adjacent to Bakersfield and started to reclaim them Carr foresaw the ground squirrel danger and offered a reward for its extermination. It is an order of Nature to multiply pests wherever the productivity of the soil is increased by artificial processes and the success of the one depends upon maintaining a ceaseless war on the other. Any change in natural conditions is accompanied inseparably by its penalties as well as its privileges and benefits.

THE END OF THE ROAD

—NEW YORK HERALD.

Subway Project Starts Auspiciously.

The movement for the opening of a trans-estuary subway in order to abolish the drawbridges now carrying the traffic between Oakland and Alameda and to relieve navigation and facilitate the expansion of commerce in the upper harbor has made a splendid start. The preliminary meeting held yesterday afternoon at the chamber of the Board of Supervisors was devoted to the ascertainment of the views of the representatives of the various interests affected by the proposed change. On this subject there was a positive unanimity. There was not one dissenting voice raised against the project. All agreed that it was the only feasible plan for the relief of the navigation of the harbor. There was, moreover, a good representation of the governments of the two cities directly concerned and of the county government by which the project was initiated and upon whom the responsibility to open the subway will finally fall, once its plans are matured and the decision to go ahead with the improvement is reached.

The meeting accomplished something more substantial, however, than a mere interchange of views. It resolved itself into a permanent joint working committee and started the task of putting the project in proper shape by referring the several phases associated with it to specialists and sub-committees and providing for the co-operation of the Federal engineers and the two transportation companies now using the drawbridges. The Federal government is interested in the project, because it is financially concerned in the improvement of the harbor. It will no doubt cheerfully support the proposed enterprise which harmonizes perfectly with those interests of navigation to which it is giving substantial aid through the expenditure of the money specially appropriated for the purpose by Congress.

There can be no doubt in any one's mind regarding the great benefit which the commerce of Oakland harbor will derive from the improvement and that the interests of Alameda county are inseparably associated with it and with the advantages which will accrue to the cities directly concerned in it, and on whom the brunt of the cost is sure to fall whatever method is finally adopted to finance it. The three cities on the bay shore are now contributing through taxation on assessable property the major part of the county revenues, and whether the money to pay for the subway is raised by special taxation or by the issuance of bonds, the same proportion will be in evidence. According to the representations made at the joint committee meeting yesterday the sentiment in the county, so far as it has been possible to ascertain it, is favorable to the project. There is no good reason for assuming that the sentiment will be otherwise than unanimously favorable, for the future commercial growth of Alameda county is largely dependent upon the project being carried out at the earliest date possible.

Pure for Baby

Prepared Anywhere in a Moment

Whether at home, visiting, or traveling, a clean jar of boiled water, clean nursing bottles and a can of

Sanipure Milk

are all you need, mother, to make baby's diet as near as an artificial food can be to mother's milk.

Sanipure Milk provides all the ingredients in correct proportions. It is healthy cow's milk with excess of casein removed and so modified that analysis shows it to be more nearly like mother's milk than any substitute nature and science have yet produced.

The quantity is regulated by the amount of Sanipure Milk and boiled water combined for each feeding. Our booklet directs you just how to prepare baby's food, according to age, etc. Avoid the risk of changing diet; you can have baby's food right under all circumstances if you use Sanipure Milk—the food that makes muscle, bone, brain—and strength, as well as fat.

If your dealers haven't Sanipure Milk, send us their names and we will send you free, a sample can and our booklet, "Baby's First Days."

THE BEER OF FORGETFULNESS

AFTER "THE WINE OF WIZARDY."
(By F. B. THAYER.)

This poem has been pronounced stale by some of the most eminent brewers in the United States.

A bungless beer keg on the platform waits
Its transportation to Wisconsin's pride.

A sneaking "tobo" near the are light's glare
Peers from the shadows, then worms up to where

That drink stands and drains it long and deep,
While all the station watchmen are asleep.

Then stealthily he seeks a sidle; there
He finds a box car's welcoming open door.

Vaults in, and prone upon the straw,
Dreams of Milwaukee and free beer galore.

While an oil burner couples to his room,
And eastward hauls the vagrant through the gloom.

Ah! When he wakes his "bean" is buzzing
He hears the wheels of commerce 'neath him roll.

The hellish forms that grin from out the muck
Taunt him and cry "Get up you bum and work."

He reaches out with wild despairing hand
And cuts two digits on his coffee can.

Then hurls it from him, shivers at the sound
And groans as a sharp tangent throws him down.

Groveling and muttering, writhing in his pain,
Staggering and stumbling, gains his feet again.

Throws back the door and madly cries
"Eureka."

But faints when on the sign he reads
Topeka.

Prayers of the man who prays for himself
Alone probably never get higher than the roof.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham:—I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now.

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

Within proper limitations, both Mr. Schwab and Mrs. Fish are right. The former speaks for thousands who live in the sphere, where girlhood, wifehood, motherhood, social and religious activities supply their highest demands. Mrs. Fish speaks for the few women who move in an orbit, of which home is the more remote element, in which the mother and the above-named elements they may pursue an ideal line of usefulness or attainment.

In all ages there have been good women who move in orbits, while others abide in spheres. Who shall restrain them? Are not both classes blessed?

Why People Are Thin

There are four reasons: 1. non-digestion of starch, 2. non-digestion of fat, 3. poor assimilation, 4. poor appetite. **Peptol**, the wonderful new food remedy, removes the cause in each of these four cases. It adds from 2 to 7 pounds of flesh a week. This is a proven fact. Peptol contains in highly concentrated form the very elements that make flesh firm. It is a great appetite-builder, helps digest other foods, Peptol is guaranteed to increase your weight in 30 days. If it does not, your money is refunded. This is the only condition under which it is sold.

SOCIETY

(Continued from preceding page.)

FRANCISCO. but the young people will make their home in Berkeley, where Mr. Henry is building a pretty cottage for his bride. No date is as yet set for the wedding.

FROM PASADENA. Miss Lillian Remillard and her mother are visiting in Oakland, where for many years they made their home. They are now living in Pasadena, where they have a beautiful place, but both ladies are glad to visit again in Oakland and the other bay cities, where they have many friends. A number of pleasant affairs are being planned for them.

GOING EAST. Mr. and Mrs. Emil Lehnhardt, Miss Edna Lehnhardt and Miss Tiedale left yesterday for the East. They will visit all of the principal eastern cities, but will spend most of their time in New York, planning to be there throughout the season.

Miss Lehnhardt has been extensively entertained by the younger set, many complimentary affairs testifying to her popularity in Oakland circles.

The Lehnhardt party plans to return by way of Boston.

GOING HOME. Miss Helen Parker will return to her home in Vacaville some time next week. She has been a guest at the home of her brother, Challen Parker, on Oakland avenue, and has been an interesting figure in the social life of the city during her stay. While at her brother's home her engagement to Lieutenant Henry Abercrombie Finch was announced, a pretty luncheon at the Country Club signifying the event. Miss Parker's wedding will occur some time in December.

LUNCHEON AND CARDS. Mrs. Charles Rodolph entertained today in honor of Mrs. Edward H. Campbell. The affair was quite informal, though a number of friends had been invited to greet the guest of honor. A luncheon was followed by an enjoyable hour at the card tables.

GOING AWAY. Mrs. Henry Livermore and her daughter, Miss Beth Livermore, are to spend the next few weeks in Santa Barbara. Later they are to go east, and will probably spend the winter in Europe. Miss Livermore was a bridesmaid at the recent wedding of Miss Lillian Saltonstall, the daughter of Dr. Florence Ward, to Dr. Mattison of New York city.

PERSONALS. Mr. and Mrs. E. P. Wells have been visiting with Mrs. Wells's parents, the R. K. Gills of Vacaville.

W. F. Larrabee and his son, F. W. Larrabee, visited in Oakland last week. H. E. Averell was in Jamestown on mining business last week.

Sanford Pierce has been spending a few days at his old home in Knight's Ferry. Miss Maggie Rankin has been visiting friends in Vacaville.

Mackenzie Gordon, the well known tenor, has returned from a month's sojourn at Tahoe.

John Kergan, Carl Seuberg and Frederick Kitchner, three known autoists of Oakland, have been trying out their new Reo touring car this week on the hills of Contra Costa county.

OCTOBER WEDDING. October 1 is the day named by Miss Ruby Johnson of Alameda for her marriage to Colin Nicoll of Colquhoun, British Columbia. Preparations for the wedding are very well along, though the announcement of the engagement was made only a

week or two ago. Mr. Nicoll has come to Alameda for his bride, and is at present a guest of the bride's mother, Mrs. K. E. Johnson, at her beautiful home on the bay shore.

Miss Johnson has but recently returned from a long stay in Europe, where she put in some time on her musical studies. A year ago, when Miss Johnson was the

guest of her brother, Percy Johnson, at his home in Calgary, she met Nicoll, and the courtship followed. They will reside in Calgary for some time after the wedding. Later they plan to go to England, where Nicoll's relatives have estates.

Miss Johnson was one of the attendants at the wedding of her cousin, Miss Queenie Russell, who was married early in the month to Emory Elliott.

ENGAGED. The engagement is announced of Miss Bertha Smith of Alameda to Frank Adams of Oakland. Mr. Adams is employed in one of the banks in San Francisco, and for that reason the young people will probably take apartments across the bay. The wedding will be a home event, and promises to be one of much interest.

RETURN FROM WEDDING TRIP. Mr. and Mrs. Emory Elliott, formerly Miss Queenie Russell, will return from their wedding journey in time to be present at the wedding of Miss Ruby Johnson and Colin Nicoll.

HINMAN-VEITCH. One of the notable weddings of next week will be that of Miss Elizabeth Barnes Hinman and John Clifton Veitch. They are to be married next Wednesday, the 18th, at 5 in the afternoon. The Rev. Mr. Mason will officiate.

Mr. Veitch is connected with the California Bank, where for some years he has held a responsible position. He has a host of friends, who hold him in high esteem.

Miss Hinman is the sister of Mr. and Mrs. H. L. Hinman of Chetwood street. She is a charming girl and is very popular in local social circles.

OUTDOOR LUNCHEON. The luncheon planned by Miss Eleanor Johnson for tomorrow afternoon promises to be unique and most enjoyable. The guests of honor are Miss Elizabeth Packard, now of Los Angeles, and Miss Minnie Bunker, who has recently returned from Europe. Miss Bunker is at present connected with the Oakland high school, where for several years Miss Packard presided as head of the English department. Both Miss Bunker and Miss Packard have many friends in and about Oakland.

Miss Johnson's luncheon is to be given out of doors in the tea house and tea garden at the residence of her sister, Mrs. George B. M. Gray of East Oakland. Pretty decorations and cards have been prepared for the occasion, the tea house lending itself to many novel and charming methods of treatment. The guests for the afternoon will be: Mrs. W. E. Beck, Mrs. F. C. Turner, Mrs. George B. M. Gray, Miss M. C. Heaton, Miss Florence Hanna, Miss Grace Fisher, Miss Annie Brown, Miss Hattie Corliss, Miss Annie Johnson and Miss Eleanor Johnson.

LONGWORTHS IN SAN FRANCISCO. All social events of the San Francisco set will for the next few days be set to the measure that Mrs. Nicholas Longworth (Alice Roosevelt) elects. Mrs. Eleanor Martin opened the season by giving a dinner within a few hours of the Longworths' arrival, and because of the shortness of the visit the distinguished guests other social events will have to be arranged with little time for preparation.

Mrs. Martin's dinner was very successful, notwithstanding the fact that she had so little time in which to make ready. The guests were: Mr. and Mrs. Nicholas Longworth, Mr. and Mrs. Robert Osmond, Mr. and Mrs. Chase, Mr. and Mrs. J. Downey Harvey, Miss Genevieve Longworth, James D. Phelan and Rudolph Spreckels.

TO BENEFIT ADELPHIANS. A fine program is being prepared by Musical Director Hinrichs for the matinee concert planned for the benefit of the Adelphi Club building fund.

Mrs. M. E. Blanchard, contralto, Fred Maurer, pianist and Landers Stevens, dramatic reader, are preparing some very interesting numbers and the concert promises to be a most interesting event.

Among the Oakland people who are interested are: Mrs. Oscar Luning, Prof. Senger, Mrs. J. M. Torrey, Mr. and Mrs. H. H. Sherwood, Mrs. Von Loben Sels, Mrs. Dr. Walliser, Mrs. C. R. Bowers, et

Council Committee Recommends \$10,000 Also \$28,000 for Boulevard Improvement.

The ordinance and finance committee of the city council last night recommended the passage of an ordinance appropriating \$10,000 from the park and boulevard fund for the improvement of West Oakland Park, and directing the Board of Works to perform the work.

The ordinance and finance committee also recommended the passage of an ordinance ordering the payment of one-half of the entire cost and expense of grading, curbing, macadamizing, guttering and otherwise improving the eastern sixty-one feet of the boulevard on the eastern shore of Lake Merritt, from the center line of Lake avenue, now called Grand avenue, and appropriating \$28,000 out of the park and boulevard fund for the purpose.

WILSON MIZNER GOES TO JAIL

Flogs Broker's Clerk With Blackjacks and Floors Another Over a Woman.

NEW YORK, Sept. 12.—Charged with using a blackjack on Edward W. Knight, a salesman employed by J. C. McKnight & Co., real estate brokers, and his friend Britton W. Varden, Wilson Mizner, one time husband of Mrs. Charles T. Yerkes, was locked up for two hours yesterday in the West Forty-seventh street station. Mizner's trouble arose over a woman who, under the name of Isabel Lindsay, had been in the hotel for two weeks. According to Mizner the dispute was over the refusal of the latter to allow the woman's baggage to be moved.

During the fight Varden, a friend of Knight, was knocked out by Mizner. He landed in a fountain basin filled with young alligators. Mrs. Lindsay appeared in the office with an armful of bracelets, including an ornate clock, which she proceeded to fire at Mizner's head. At this point the police interfered. Altogether it was the liveliest fight seen in the tanglefoot region for many a night.

Danderine

GREW MISS CARROLL'S HAIR AND WE CAN PROVE IT

Beautiful Hair At Small Cost.

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Dr. Knowlton's DANDERINE

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

FREE To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

COUNCILMAN SAYS LAWYERS BLACKMAIL SALOON MEN

**Committee Decides Applicants for Licenses
Must Appear in Person When Seek-
ing Liquor Permits.**

Councilman Everhart presented the following resolution at the meeting of the license committee of the city council last night:

"Resolved, That this committee will not entertain any application for a saloon license, the applicants for which is represented by any person other than himself."

The resolution is designed to prevent saloonmen from employing attorneys to represent them before the council when application is made for a saloon license.

Councilman Ellsworth explained that he could see no necessity of saloonmen employing attorneys to represent them before the license committee. He said that the rule requiring applicants to appear in person before the body was made in order that the councilmen could see and question the men who apply for liquor licenses.

ELIOT OBJECTS.
President Eliot warned the committee that he believed the resolution to be a mistake.

"I think the resolution is objectionable because many applicants who may be worthy men are ill at ease on their feet."

Olmsted, Le Roy, N. Y.

and cannot make a good impression on the council. If they have a lawyer to state their case lucidly, I think they will get a much fairer hearing. Besides, I am opposed to the present plan of the license committee in requiring applicants to appear in person when their application is heard. Nothing is ever gained by questioning a saloonman in this chamber and a great deal of valuable time is wasted. I believe that if more of the veterans of the council were on this committee a different plan would be adopted."

ALLEGES BLACKMAIL.
Councilman Everhart jumped up excitedly. "I would rather sit in the council chamber and listen to the applicants than sit in my office all day and listen to some lawyer endeavor to persuade me that it would be to my political advantage to vote for a certain license. Saloonmen are being blackmailed by lawyers who claim to have influence with this council. It is my belief that the presence of attorneys tends to corrupt the license committee."

President Eliot attempted to continue his criticism of the resolution at great length, but he was called to order by Chairman Ellsworth of the committee. Action on the resolution was deferred until the next meeting.

BOYCOTT ON THE UNITED RAILROADS DECLARED OFF

**Union Men May Ride Now Without Fear
of a Fine--President Calhoun Is
Greatly Pleased.**

SAN FRANCISCO, Sept. 13.—The General Campaign Strike Committee at its meeting last night revoked its order forbidding union men to ride on the street cars of the United Railroads.

By a unanimous vote this committee men adopted resolutions instructing the various unions to call off the boycott that had been instituted against the street railway corporation.

"In a statement issued to the public by the committee the reasons for this action are given. The statement reads in part as follows:

"Realizing the enormous sacrifice made by our friends in behalf of a just cause and the great loss of business sustained by the merchants, all as the result of the stubborn unyielding attitude assumed by the traction magnate, who has repeatedly announced that he is fully prepared to give the public adequate street railway transportation, we hereby advise and urge all union men and women, our friends and sympathizers and the fair-minded public to ascertain for themselves the truthfulness of Calhoun's boast that he is equipped to give a first-class street car service."

UNION'S STATEMENT.
"This General Campaign Strike Committee believes that the interests of the trades union movement and the welfare of the city will be best subserved if the union men and their friends call Calhoun's bluff and properly test his much-pretended car service. In this connection we would suggest to the unions that have placed fines on their members for riding on their cars to rescind such action."

"In conclusion, the General Campaign Strike Committee desires to announce that the assessment of the carmen's strike will be continued until such time as an honorable settlement of the controversy is accorded the carmen's union."

CALHOUN DELIGHTED.
Patrick Calhoun, president of the United Railroads, made the following statement last night:

"In the interest of the carmen of San Francisco I am delighted that the illegal restraint on trade established by the boycott of the general campaign strike committee has been finally abandoned. This long-protracted industrial war has been extremely unfortunate for every interest of the city."

"The carmen's strike, which was promoted through improper motives and in reckless disregard of the justice of the high rate of wages fixed by the arbitration board, which was pronounced by the sub-committee of the general campaign strike committee as having been improperly called."

BETTER FOR TRADE.
"It is very gratifying that organized labor through its leaders has returned to wiser, safer and saner methods. I have regarded every restraint of trade, whether by capital or labor, as illegal. No community can safely tolerate the principle that underlies boycott. Organized labor itself is as much interested in the freedom of trade, the rights of the individual."

CITY HALL JANITOR AFTER MORE WAGES

Janitor Wilds of the city hall appeared before the ordinance and finance committee of the city council last night to request that his name be included in the list of city employees whose salaries were raised by an ordinance passed at the last meeting of the council.

Councilman Burns stated that the ordinance had been drafted in a secret caucus of the council and that to the best of his recollection, the janitor, as well as two license inspectors, had been slated for a raise, but when the ordinance was finally drawn up only one of the license inspectors was included. Burns said that he knew no reason for the omission.

Janitor Wilds was advised to have an amendment introduced at the next meeting of the council providing for the inclusion of his position among those receiving advanced salaries.

VIGILANTES ORGANIZE AGAINST CLAIM JUMPERS

FARMERS IN SOUTH ARE READY TO GIVE BATTLE

Land Fraud Situation in Imperial Valley Has Taken a New and Menacing Turn.

IMPERIAL, Cal., Sept. 13.—The land fraud difficulties that have been promising for some time to ripen into sensational stages, took a new turn today when a meeting of a number of the best known farmers of the valley was held here and a vigilance committee organized to protect the rights of land claimants. Now that there is no more land left for filing here, people are pouring in seeking claims that may possibly be taken from them. There have been instances of attempts to take forcible possession of claims and the vigilance committee is determined to deal with this class of offenders.

"The greater portion of the land claimants are typical frontiersmen and have no idea of permitting any one to run them off their land. They intend to take summary action to clear the valley of all who are inclined to use force in land matters. The trouble is confined to the new districts of the valley, the old district holders being free from interference. It is anticipated that the whole valley will, however, rally to the support of those who are fighting against the claim jumpers."

MAKES RUSH WITH A KNIFE

Discharged Laborer Incensed at Foreman Overpowered by Strong Antagonist.

(Special to THE TRIBUNE.)
SAN FRANCISCO, Sept. 13.—Because he had been discharged from his position as laborer for the board of public works, by Foreman T. H. Murphy this morning, T. E. Colopy, a laborer, drew a knife and would have wounded the foreman had not the latter been too strong for him.

Just how the trouble between the two men started is not known, but it is thought that Colopy had been a thorn in Murphy's side for some time, and that the foreman discharged him today for incompetency. Colopy resented this, and began a quarrel with Murphy, which ended in the former's drawing an ugly looking knife from his hip pocket and making a move toward his foreman.

Murphy is a powerful man and he succeeded in taking the weapon from the grasp of the other, and turned him over to the policeman Tracy, who booked him at the Harbor station on a charge of assault with a deadly weapon.

The trouble took place at Drugg and Market streets, where the board of public works is engaged in repaving the streets.

SOMETHING NEW IN NEWPORT DOG DRESS

NEWPORT.—Something new in the dog dress was introduced here recently by Mrs. Aurel Batouvi, and naturally attracted much attention. It was a linen collar of the white-wing order, just like men wear, with a blue necktie, encircling the dog's neck. The collar joined at the back and the dog's head was thrust through it. The dog was truly showing the world something new and incidentally gaining a little more respect for his kind.

It is to Mrs. Batouvi's credit that the new wrinkle is not at all unbecoming, and since some Newport dogs actually have

ELISOR BIGGY APPOINTED S. F. CHIEF OF POLICE

IS SURPRISED WHEN NAMED

Commissioners Are Silent Over Selection of Leader.

(Special to THE TRIBUNE.)
SAN FRANCISCO, Sept. 13.—William J. Biggy, who was appointed chief of police by the commission last night, was sworn in at noon today, but has not yet taken his oath, nor taken over the duties of his office. Mr. Biggy did not show up at police headquarters this morning until after 11 o'clock and when he did arrive, was escorted by President Swelgart and Assistant Sheriff Prosser Cobb for almost half an hour.

Acting Chief of Police Anderson had been endeavoring to locate his successor during the entire morning, but without success.

WILLIAM J. BIGGY.

NUMEROUS floral offerings were received from friends of Mr. Biggy and of the great procession, and the office of the chief was turned into a bower of flowers, over which Captain Anderson held sway.

Although it has been generally expected that Captain of Detectives Colby would be the first one to be transferred to another field of work when the new chief should take his office, it is not now thought that Colby will lose the berth of captain of detectives.

FRIEND OF COLBY.

Chief Biggy and Captain Colby have long been strong personal friends and it is thought that the new chief will content himself with making suggestions as to how he wants the department run.

There was a general sprucing up on the part of the police officers around the Hall of Justice and on the principal streets today. It is known that the new chief is a stickler for neatness in dress on the part of the patrolmen under him, and in this regard the men on the street have been very lax of late, frequently allowing their uniforms to get into a state of disrepair.

The word was passed along Golden Gate avenue and Fillmore street last night that a new king had ascended the throne and that all must lay low for a while. The word has been partially closed up through the diligence of Acting Chief Anderson, but it is evident that the dividers are on the alert and prefer to be good now rather than take a chance on losing their licenses.

SAN FRANCISCO, Sept. 13.—William J. Biggy, elisor in charge of Abe Ruef, is now Chief of Police of this city.

Biggy's appointment was made at an executive session of the Police Board held yesterday before the open meeting. It was the intention of the commissioners not to announce the appointment until today, but, at the suggestion of Commissioner Leggett, Secretary Skelly an-

nounced the appointment at the close of the open session.

Biggy was down town at the time, and Secretary Skelly had some difficulty in acquainting him with his new honor.

BIGGY SURPRISED.

Concerning the appointment Chief Biggy said:

"The appointment came as a surprise to me. It was not given me at my solicitation, but I accept it, recognizing the honor, and also the great responsibilities that such an office imposes. I accept the office with an intention to perform my duty and enforce the law without fear or favor, letting my actions speak for themselves. I intend to act for the best interests of the municipality, and will endeavor to bring about the confidence and respect of the entire community for the Police Department."

When asked how his appointment would affect his present duties as elisor of Ruef, he replied:

"I have absolutely no idea about the elisorship. That matter rests entirely with Judge Dunn."

The new Chief of Police is a native of San Francisco. He was elected under the reorganization of 1893 as State Senator from the Twenty-first Senatorial District. At the expiration of his term he was appointed, in 1897, registrar of voters, by Governor Bull. Shortly after would be become a supervisor, and in 1901 was appointed by Mayor Phelan a member of the Board of Police Commissioners. While serving in that capacity he was appointed acting Chief of Police and held the office for seven weeks, pending the appointment of Wittman.

March 8 last Biggy was appointed elisor of Ruef. Besides his active police life, Biggy has been engaged in laundry business and was assistant manager of the Metropolitan Laundry Company when selected for the elisorship. Four years prior to that time he was the proprietor of the United States Laundry. He has also been an enthusiastic member of the National Guard and was a member of Company D of the First Infantry.

JILTS MINER TO WED POOR MAN WHO GOT HER FROM JAIL

Wealthy Goldfield Resident Loses Sweetheart by Two Minutes in Race to Secure Girl's Bonds.

CHICAGO, Sept. 13.—Emily Howe, 23 years of age, recently of Minnesota, last night was the heroine of a romance in the Harrison street police station, giving herself as wife to a Chicago letter carrier, who beat her betrothed, a Nevada mine owner, by two minutes in furnishing bonds for the release of the fair captive held on a charge of taking things from a State street store. This charge Miss Howe denies and the witness of her friends pointed to her innocence.

Frank M. Crosby, the mine owner to whom she was engaged and who was her girlhood sweetheart away back at Glenwood, Minn., was heart-broken when he saw her leave the station with his rival, T. J. Hawthorne.

These men had never met until they stood at the sergeant's desk last night. Miss Howe was arrested a week ago. Her case was continued ten days. All efforts of the nation to learn something of the girl's history were unavailing as she said she preferred her imprisonment to letting her friends know of her arrest. Yesterday, however, she changed her mind and she sent word to Hawthorne, asking him to procure a bondman for her. He called at the annex late in the afternoon and after hearing her version of the charge against her he declared he would not rest until he procured her release.

"If you get me out of this awful place, Tom," said the girl, as tears streamed down her cheeks "I'll marry you. You have my promise. I'll keep it, no matter what happens."

OLD SCHOOLMATES.

Wednesday night there arrived in Chicago from Nevada the man who was the sweetheart of Emily Howe, when they both went to the little red schoolhouse at both ends of the cross roads. Crosby had not seen "Emily," as he called her, since he left Glenwood, six years ago to make his fortune in the Nevada gold fields. They had corresponded regularly, however, and in one of his letters written six months ago Crosby proposed marriage. He was accepted.

"If you had been the first to reach the station," she said, "I would go with you and become your bride, but I promised Tom I would marry him if he got me out of jail. I'm sorry for you, Frank, but I must keep my promise."

HOLD CARMEN FOR MURDER

Prosecution of Non-Union Men to be Backed by Iron Workers' Union.

(SPECIAL TO THE TRIBUNE.)
SAN FRANCISCO, Sept. 13.—Fred Duggan and James Watkins, street cleaners, who are charged by William A. Sprague with murdering John J. Peterson, the iron worker, who was shot in the riot at Sansome and Mark streets on Labor Day, were formally charged with murder today and warrants sworn out for their arrest.

Sprague, who has the entire backing of the iron workers' union, intends to prosecute them to the hilt.

\$30 FINE FOR LOTTERY MAN

Ticket Seller Captured With "Goods on Him" and Taken to Court.

(SPECIAL TO THE TRIBUNE.)
SAN FRANCISCO, Sept. 13.—George Day, who was arrested yesterday on Sutter street near Steiner, for having lottery tickets in his possession, was fined \$30 in Judge Cabanis' court this morning.

Day was captured by Detectives C. Don and Walsh with one hundred and seventy-seven tickets on his person.

***** of the iron workers' union, intends to prosecute them to the hilt.

PROPOSE AMENDMENT FOR STRICT LAUNDRY ORDINANCE

City Attorney McElroy last night presented a substitute ordinance at the meeting of the city council which is intended to settle the much discussed question as to whether laundries shall be permitted in residence sections of the city.

The new ordinance provided that it shall be unlawful for any person, firm or corporation to erect, or cause to be erected, or maintain any building used for a laundry, unless all portions of the building are at least 25 feet from the boundary lines of the lot where the building is situated.

The previous ordinance, which was presented by Attorney Walker and Fuchler, provided that any building used as a laundry must be, in all its parts at least 60 feet distant from the boundary lines of the lot on which it was situated, unless the building was of concrete or some other noncombustible material. This was a practically prohibitive ordinance, and the substitute prepared by City Attorney

Writes to Family From Oakland and Is Last Heard of Him.

CHICAGO, Sept. 13.—Matthew R. Hudson, an officer of the Southern Pacific railroad, is missing and his relatives believe him to be dead.

At his residence, 439 Fifty-fourth place, Hudson's wife, crushing down with sorrow, is ministering to the needs of her husband's dying father, Richard Hudson, who is suffering from a paralytic stroke brought on by the shock of the disappearance of the son.

MISSING SINCE.

It is believed that Hudson wandered away from his office in Oakland, Cal., while in a demented condition on August 31, which was the day he was to start for his home. On that day he mailed a letter to his wife, in which he told, and in incoherent sentences, that he intended to start home as quickly as he could arrange his affairs.

THE ONLY CHILD.

Since then he has not been seen by any of his associates. Three months ago Hudson quit the Illinois Central railroad to take a position with the Southern Pacific in California. As he was unable immediately to dispose of his home in Chicago he decided to go to California alone. Mrs. Hudson now believes that the worry of being away from his home and family told on him.

The only child, a boy, of the Hudsons some years ago was known to theatergoers as "Baby" Hudson. He took child parts in Shakespearean plays in Robert Mantel's company.

City and County Officials Decide Subway Must Be Built and Name Engineering Committee.

Mayor Mott was the first called upon to express his views.

At the first question to be considered was that relating to the feasibility and practicability of the project, about which, he asserted there can be no doubt. The two drawbridges connecting Oakland and Alameda have been a constant source of obstructions to the navigation of the bay, and that there has been nearly if not quite reached to accommodate the increasing commerce. Congress at the last session appropriated \$500,000 for the improvement of the channel east of these bridges in order that the traffic of the Brooklyn basin around which a large number of important industries have been established, which need better water facilities than they now possess. Wharves are being constructed around the basin, and the

brought its cranks in touch with it and freight is shipped across the bay to San Francisco at much expense and great delay, where it is subject to heavy wharfage charges and the expense of transshipment, and the delay in the delivery of goods. Incident to the bay transshipment has influenced Eastern shippers to send a large proportion of their freight to Seattle and Portland.

He believed that the opening of a subway and the removal of the bridges would induce the Federal government to give material help, as the project, when carried out, will facilitate commerce.

WANT SUBWAY.

Mayor said he could assure the joint committee that the propositions are a unit on the subway, propositions for the opening of the subway and the removal of the bridges, so as to clear the
